ORDER:

In the letter read above, the Engineer-in-Chief (R&B) Admn.& Roads, Hyd., has stated that Kanuru- Gopavaram road is an important ZP taken over road in West Godavari District having a total length of 15.20 Kms. The reach from Km.12/8 to 13/6 is having single lane (3.75M) with BT surface passing through Purushothapalli village limits. The year of last renewal for the above stretch is 2009-10. The stretch is located in thickly built up area and the road is low lying and getting badly damaged very frequently due to stagnation of rain water and drainage water on the existing BT surface. Further the existing carriage way width is unable to meet the traffic requirements in the village limits.

2. He has also stated that it is very essential to widen to inter mediate lane, as per the available land width and also to provide CC pavement to prevent recurring damages in the village limits. The above proposal does not require any Stage I approval as contemplated in GOMsNo.94, I & CAD Deptt, dt:01.07.2003.
